Mr. ROGAN. Mr. Speaker, when Congress cuts taxes, people have more freedom. Freedom to decide how to spend the money they earn as they see fit. Freedom to save and invest for their own home, for a new car or a family vacation. Freedom to prepare for their retirement, and freedom to save for their children's education or to continue their own. Freedom to live the American dream, just as their parents and grandparents dared to dream.

Mr. Speaker, America is still a land of opportunity for millions of people who have the perseverance and discipline to make it so. Over 1 million immigrants come to our shores each year demonstrating that they, too, believe that America is the land of opportunity.

If Congress wants to allow our people to use their talents and hard work to get ahead, it should cut taxes for families. But, if Congress prefers instead to continue imposing ever-greater burdens on our families, the American dream will become just that—a dream.

SALUTE TO FORT BENNING, GEORGIA

(Mr. COLLINS asked and was given permission to address the House for 1 minute.)

Mr. COLLINS. Mr. Speaker, I am honored to congratulate Fort Benning, Georgia, for winning the Army Community of Excellence Chief of Staff Award. This is the sixth consecutive year that Fort Benning has been recognized as the best Army installation in the United States.

The award is indicative of the ability of professionalism of the tens of thousands of soldiers that pass through Fort Benning's gate each year and of the successful partnership that exists among Fort Benning, Columbus, Georgia, and Phoenix City, Alabama, communities.

The soldiers and civilians who work under the leadership of General Carl Ernst and his staff continue to reinforce Fort Benning's long-standing commitment to military quality, focusing on the watch words, "First in training, first in readiness, and first in quality of life."

Fort Benning constitutes a cornerstone of our national defense. To all of the personnel at Fort Benning, I offer my sincere thanks and congratulations for a job well done.

TOO EARLY TO ADOPT KYOTO AGREEMENT

(Mr. WHITFIELD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WHITFIELD. Mr. Speaker, the Clinton administration is launching a major offensive for the adoption of the protocol negotiated at Kyoto regarding global warming. Vice President GORE has been one of the leading advocates of this and has declared there is no

longer any significant disagreement in the science community that the greenhouse effect is real. In fact, Vice President GORE has said that 98 percent of the science community would concur that a greenhouse emergency has begun.

However, the administration fails to tell the American people that, in 1992, a survey showed that of the two professional groups responsible for climate change in America, that only 17 percent said that warming trends convinced them that an artificial greenhouse was in effect.

Vice President GORE frequently refers to the intergovernmental panel on climate change to buttress his argument that we have global warming. However, he fails to say that in that same report there are hundreds of documents that say that there is no global warming taking effect.

It is too early for us to adopt the Kyoto Agreement.

KEEPING OUR PROMISES: ADHERING TO THE BALANCED BUDGET AGREEMENT

(Mr. MILLER of Florida asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MILLER of Florida. Mr. Speaker, what a difference a year makes. Last year, Congress promised the American taxpayers to limit government spending and balance the Federal budget. This year, Congress is considering breaking that promise.

Today, I am here to announce that I, as a Member of Congress, will not support abandoning the balanced budget agreement for special interest projects. This latest assault on our efforts at fiscal reform is transportation spending. The Senate just finished their version of ISTEA which will break the budget caps for \$18 billion and the House version in its current form exceeds the caps by more than \$22 billion.

To stick to the agreement, this excessive spending will require massive spending cuts. Congress and the American people deserve to know if, when and where these cuts will be made before we are asked to vote for increased transportation spending.

I am here this morning to ask my colleagues to keep their promise we made to the American people last year and adhere to the balanced budget agreement. The future of our children is more important to me than the Federal Government picking up the tab for a "Dan Miller Expressway."

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. TIAHRT). Pursuant to the provisions of clause 5 of rule I, the Chair announces that he will postpone further proceedings today on each motion to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on

which the vote is objected to under clause 4 of rule XV.

Such rollcall votes, if postponed, will be taken after debate has concluded on all motions to suspend the rules and will be followed by two rollcall votes ordered yesterday.

VESSEL HULL DESIGN PROTECTION ACT

Mr. COBLE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2696) to amend title 17, United States Code, to provide for protection of certain original designs, as amended.

The Clerk read as follows:

H.R. 2696

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be referred to as the "Vessel Hull Design Protection Act".

SEC. 2. PROTECTION OF CERTAIN ORIGINAL DESIGNS.

Title 17, United States Code, is amended by adding at the end the following new chapter: "**CHAPTER 12—PROTECTION OF ORIGINAL DESIGNS**

- "§ 1201. Designs protected.—
- "(a) DESIGNS PROTECTED.—
- "(1) IN GENERAL.—The designer or other owner of an original design of a useful article which makes the article attractive or distinctive in appearance to the purchasing or using public may secure the protection provided by this chapter upon complying with and subject to this chapter.
- "(2) VESSEL HULLS.—The design of a vessel hull, including a plug or mold, is subject to protection under this chapter, notwithstanding section 1202(4).

"(f) DEFINITIONS.—For the purpose of this chapter, the following terms have the following meanings:

"(1) A design is 'original' if it is the result of the designer's creative endeavor that provides a distinguishable variation over prior work pertaining to similar articles which is more than merely trivial and has not been copied from another source.

"(2) A 'useful article' is a vessel hull, including a plug or mold, which in normal use has an intrinsic utilitarian function that is not merely to portray the appearance of the article or to convey information. An article which normally is part of a useful article shall be deemed to be a useful article.

"(3) A 'vessel' is a craft, especially one larger than a rowboat, designed to navigate on water, but does not include any such craft that exceeds 200 feet in length.

"(4) A 'hull' is the frame or body of a vessel, including the deck of a vessel, exclusive of masts, sails, yards, and rigging.

"(5) A 'plug' means a device or model used to make a mold for the purpose of exact duplication, regardless of whether the device or model has an intrinsic utilitarian function that is not only to portray the appearance of the product or to convey information.

"(6) A 'mold' means a matrix or form in which a substance for material is used, regardless of whether the matrix or form has an intrinsic utilitarian function that is not only to portray the appearance of the product or to convey information.

"§ 1202. Designs not subject to protection

"Protection under this chapter shall not be available for a design that is—

"(1) not original;

"(2) staple or commonplace, such as a standard geometric figure, a familiar symbol, an emblem, or a motif, or another shape, pattern, or configuration which has become standard, common, prevalent, or ordinary;

"(3) different from a design excluded by paragraph (2) only in insignificant details or in elements which are variants commonly used in the relevant trades;

"(4) dictated solely by a utilitarian function of the article that embodies it; or

"(5) embodied in a useful article that was made public by the designer or owner in the United States or a foreign country more than 1 year before the date of the application for registration under this chapter.

"§ 1203. Revisions, adaptations, and rearrangements

"Protection for a design under this chapter shall be available notwithstanding the employment in the design of subject matter excluded from protection under section 1202 if the design is a substantial revision, adaptation, or rearrangement of such subject matter. Such protection shall be independent of any subsisting protection in subject matter employed in the design, and shall not be construed as securing any right to subject matter excluded from protection under this chapter or as extending any subsisting protection under this chapter.

"§ 1204. Commencement of protection

"The protection provided for a design under this chapter shall commence upon the earlier of the date of publication of the registration under section 1213(a) or the date the design is first made public as defined by section 1210(b).

"§ 1205. Term of protection

"(a) IN GENERAL.—Subject to subsection (b), the protection provided under this chapter for a design shall continue for a term of 10 years beginning on the date of the commencement of protection under section 1204.

"(b) EXPIRATION.—All terms of protection provided in this section shall run to the end of the calendar year in which they would otherwise expire.

"(c) TERMINATION OF RIGHTS.—Upon expiration or termination of protection in a particular design under this chapter, all rights under this chapter in the design shall terminate, regardless of the number of different articles in which the design may have been used during the term of its protection.

"§ 1206. Design notice

"(a) CONTENTS OF DESIGN NOTICE.—(1) Whenever any design for which protection is sought under this chapter is made public under section 1210(b), the owner of the design shall, subject to the provisions of section 1207, mark it or have it marked legibly with a design notice consisting of—

"(A) the words 'Protected Design', the abbreviation 'Prot'd Des.', or the letter 'D' with a circle, or the symbol 'D';

"(B) the year of the date on which protection for the design commenced; and

"(C) the name of the owner, an abbreviation by which the name can be recognized, or a generally accepted alternative designation of the owner.

Any distinctive identification of the owner may be used for purposes of subparagraph (C) if it has been recorded by the Administrator before the design marked with such identification is registered.

"(2) After registration, the registration number may be used instead of the elements specified in subparagraphs (B) and (C) of paragraph (1).

"(b) LOCATION OF NOTICE.—The design notice shall be so located and applied as to give reasonable notice of design protection while the useful article embodying the design is passing through its normal channels of commerce.

"(c) SUBSEQUENT REMOVAL OF NOTICE.—When the owner of a design has complied with the provisions of this section, protection under this chapter shall not be affected by the removal, destruction, or obliteration by others of the design notice on an article.

"§ 1207. Effect of omission of notice

"(a) ACTIONS WITH NOTICE.—Except as provided in subsection (b), the omission of the notice prescribed in section 1206 shall not cause loss of the protection under this chapter or prevent recovery for infringement under this chapter against any person who, after receiving written notice of the design protection, begins an undertaking leading to infringement under this chapter.

"(b) ACTIONS WITHOUT NOTICE.—The omission of the notice prescribed in section 1206 shall prevent any recovery under section 1223 against a person who began an undertaking leading to infringement under this chapter before receiving written notice of the design protection. No injunction shall be issued under this chapter with respect to such undertaking unless the owner of the design reimburses that person for any reasonable expenditure or contractual obligation in connection with such undertaking that was incurred before receiving written notice of the design protection, as the court in its discretion directs. The burden of providing written notice of design protection shall be on the owner of the design.

"§ 1208. Exclusive rights

"The owner of a design protected under this chapter has the exclusive right to—

"(1) make, have made, or import, for sale or for use in trade, any useful article embodying that design; and

"(2) sell or distribute for sale or for use in trade any useful article embodying that design.

"§ 1209. Infringement

"(a) ACTS OF INFRINGEMENT.—Except as provided in subsection (b), it shall be infringement of the exclusive rights in a design

protected under this chapter for any person, without the consent of the owner of the design, within the United States and during the term of such protection, to—

"(1) make, have made, or import, for sale or for use in trade, any infringing article as defined in subsection (e); or

"(2) sell or distribute for sale or for use in trade any such infringing article.

"(b) ACTS OF SELLERS AND DISTRIBUTORS.—A seller or distributor of an infringing article who did not make or import the article shall be deemed to have infringed on a design protected under this chapter only if that person—

"(1) induced or acted in collusion with a manufacturer to make, or an importer to import such article, except that merely purchasing or giving an order to purchase such article in the ordinary course of business shall not of itself constitute such inducement or collusion; or

"(2) refused or failed, upon the request of the owner of the design, to make a prompt and full disclosure of that person's source of such article, and that person orders or reorders such article after receiving notice by registered or certified mail of the protection subsisting in the design.

"(c) ACTS WITHOUT KNOWLEDGE.—It shall not be infringement under this section to make, have made, import, sell, or distribute, any article embodying a design which was created without knowledge that a design was protected under this chapter and was copied from such protected design.

"(d) ACTS IN ORDINARY COURSE OF BUSINESS.—A person who incorporates into that person's product of manufacture an infringing article acquired from others in the ordinary course of business, or who, without knowledge of the protected design embodied in an infringing article, makes or processes the infringing article for the account of another person in the ordinary course of business, shall not be deemed to have infringed the rights in that design under this chapter except under a condition contained in paragraph (1) or (2) of subsection (b). Accepting an order or reorder from the source of the infringing article shall be deemed ordering or reordering within the meaning of subsection (b)(2).

"(e) INFRINGING ARTICLE DEFINED.—As used in this section, an 'infringing article' is any article the design of which has been copied from a design protected under this chapter, without the consent of the owner of the protected design. An infringing article is not an illustration or picture of a protected design in an advertisement, book, periodical, newspaper, photograph, broadcast, motion picture, or similar medium. A design shall not be deemed to have been copied from a protected design if it is original and not substantially similar in appearance to a protected design.

"(f) ESTABLISHING ORIGINALITY.—The party to any action or proceeding under this chapter who alleges rights under this chapter in a design shall have the burden of establishing the design's originality whenever the opposing party introduces an earlier work which is identical to such design, or so similar as to make prima facie showing that such design was copied from such work.

"(g) REPRODUCTION FOR TEACHING OR ANALYSIS.—It is not an infringement of the exclusive rights of a design owner for a person to reproduce the design in a useful article or in any other form solely for the purpose of teaching, analyzing, or evaluating the appearance, concepts, or techniques embodied in the design, or the function of the useful article embodying the design.

"§ 1210. Application for registration

"(a) TIME LIMIT FOR APPLICATION FOR REGISTRATION.—Protection under this chapter

shall be lost if application for registration of the design is not made within two years after the date on which the design is first made public.

"(b) WHEN DESIGN IS MADE PUBLIC.—A design is made public when an existing useful article embodying the design is anywhere publicly exhibited, publicly distributed, or offered for sale or sold to the public by the owner of the design or with the owner's consent.

"(c) APPLICATION BY OWNER OF DESIGN.—Application for registration may be made by the owner of the design.

"(d) CONTENTS OF APPLICATION.—The application for registration shall be made to the Administrator and shall state—

"(1) the name and address of the designer or designers of the design;

"(2) the name and address of the owner if different from the designer;

"(3) the specific name of the useful article embodying the design;

"(4) the date, if any, that the design was first made public, if such date was earlier than the date of the application;

"(5) affirmation that the design has been fixed in a useful article; and

"(6) such other information as may be required by the Administrator.

The application for registration may include a description setting forth the salient features of the design, but the absence of such a description shall not prevent registration under this chapter.

"(e) SWORN STATEMENT.—The application for registration shall be accompanied by a statement under oath by the applicant or the applicant's duly authorized agent or representative, setting forth, to the best of the applicant's knowledge and belief—

"(1) that the design is original and was created by the designer or designers named in the application;

"(2) that the design has not previously been registered on behalf of the applicant or the applicant's predecessor in title; and

"(3) that the applicant is the person entitled to protection and to registration under this chapter.

If the design has been made public with the design notice prescribed in section 1206, the statement shall also describe the exact form and position of the design notice.

"(f) EFFECT OF ERRORS.—(1) Error in any statement or assertion as to the utility of the useful article named in the application under this section, the design of which is sought to be registered, shall not affect the protection secured under this chapter.

"(2) Errors in omitting a joint designer or in naming an alleged joint designer shall not affect the validity of the registration, or the actual ownership or the protection of the design, unless it is shown that the error occurred with deceptive intent.

"(g) DESIGN MADE IN SCOPE OF EMPLOYMENT.—In a case in which the design was made within the regular scope of the designer's employment and individual authorship of the design is difficult or impossible to ascribe and the application so states, the name and address of the employer for whom the design was made may be stated instead of that of the individual designer.

"(h) PICTORIAL REPRESENTATION OF DESIGN.—The application for registration shall be accompanied by two copies of a drawing or other pictorial representation of the useful article embodying the design, having one or more views, adequate to show the design, in a form and style suitable for reproduction, which shall be deemed a part of the application.

"(i) DESIGN IN MORE THAN ONE USEFUL ARTICLE.—If the distinguishing elements of a design are in substantially the same form in

different useful articles, the design shall be protected as to all such useful articles when protected as to one of them, but not more than one registration shall be required for the design.

"(j) APPLICATION FOR MORE THAN ONE DESIGN.—More than one design may be included in the same application under such conditions as may be prescribed by the Administrator. For each design included in an application the fee prescribed for a single design shall be paid.

"§1211. Benefit of earlier filing date in foreign country

"An application for registration of a design filed in the United States by any person who has, or whose legal representative or predecessor or successor in title has, previously filed an application for registration of the same design in a foreign country which extends to designs of owners who are citizens of the United States, or to applications filed under this chapter, similar protection to that provided under this chapter shall have that same effect as if filed in the United States on the date on which the application was first filed in such foreign country, if the application in the United States is filed within 6 months after the earliest date on which any such foreign application was filed.

"§1212. Oaths and acknowledgments

"(a) IN GENERAL.—Oaths and acknowledgments required by this chapter—

"(1) may be made—

"(A) before any person in the United States authorized by law to administer oaths; or

"(B) when made in a foreign country, before any diplomatic or consular officer of the United States authorized to administer oaths, or before any official authorized to administer oaths in the foreign country concerned, whose authority shall be proved by a certificate of a diplomatic or consular officer of the United States; and

"(2) shall be valid if they comply with the laws of the State or country where made.

"(b) WRITTEN DECLARATION IN LIEU OF OATH.—(1) The Administrator may by rule prescribe that any document which is to be filed under this chapter in the Office of the Administrator and which is required by any law, rule, or other regulation to be under oath, may be subscribed to by a written declaration in such form as the Administrator may prescribe, and such declaration shall be in lieu of the oath otherwise required.

"(2) Whenever a written declaration under paragraph (1) is used, the document containing the declaration shall state that willful false statements are punishable by fine or imprisonment, or both, pursuant to section 1001 of title 18, and may jeopardize the validity of the application or document or a registration resulting therefrom.

"§1213. Examination of application and issue or refusal of registration

"(a) DETERMINATION OF REGISTRABILITY OF DESIGN; REGISTRATION.—Upon the filing of an application for registration in proper form under section 1210, and upon payment of the fee prescribed under section 1216, the Administrator shall determine whether or not the application relates to a design which on its face appears to be subject to protection under this chapter, and, if so, the Register shall register the design. Registration under this subsection shall be announced by publication. The date of registration shall be the date of publication.

"(b) REFUSAL TO REGISTER; RECONSIDERATION.—If, in the judgment of the Administrator, the application for registration relates to a design which on its face is not subject to protection under this chapter, the Administrator shall send to the applicant a no-

tice of refusal to register and the grounds for the refusal. Within 3 months after the date on which the notice of refusal is sent, the applicant may, by written request, seek reconsideration of the application. After consideration of such a request, the Administrator shall either register the design or send to the applicant a notice of final refusal to register.

"(c) APPLICATION TO CANCEL REGISTRATION.—Any person who believes he or she is or will be damaged by a registration under this chapter may, upon payment of the prescribed fee, apply to the Administrator at any time to cancel the registration on the ground that the design is not subject to protection under this chapter, stating the reasons for the request. Upon receipt of an application for cancellation, the Administrator shall send to the owner of the design, as shown in the records of the Office of the Administrator, a notice of the application, and the owner shall have a period of 3 months after the date on which such notice is mailed in which to present arguments to the Administrator for support of the validity of the registration. The Administrator shall also have the authority to establish, by regulation, conditions under which the opposing parties may appear and be heard in support of their arguments. If, after the periods provided for the presentation of arguments have expired, the Administrator determines that the applicant for cancellation has established that the design is not subject to protection under this chapter, the Administrator shall order the registration stricken from the record. Cancellation under this subsection shall be announced by publication, and notice of the Administrator's final determination with respect to any application for cancellation shall be sent to the applicant and to the owner of record.

"§1214. Certification of registration

"Certificates of registration shall be issued in the name of the United States under the seal of the Office of the Administrator and shall be recorded in the official records of the Office. The certificate shall state the name of the useful article, the date of filing of the application, the date of registration, and the date the design was made public, if earlier than the date of filing of the application, and shall contain a reproduction of the drawing or other pictorial representation of the design. If a description of the salient features of the design appears in the application, the description shall also appear in the certificate. A certificate of registration shall be admitted in any court as prima facie evidence of the facts stated in the certificate.

"§1215. Publication of announcements and indexes

"(a) PUBLICATIONS OF THE ADMINISTRATOR.—The Administrator shall publish lists and indexes of registered designs and cancellations of designs and may also publish the drawings or other pictorial representations of registered designs for sale or other distribution.

"(b) FILE OF REPRESENTATIVES OF REGISTERED DESIGNS.—The Administrator shall establish and maintain a file of the drawings or other pictorial representations of registered designs. The file shall be available for use by the public under such conditions as the Administrator may prescribe.

"§1216. Fees

"The Administrator shall by regulation set reasonable fees for the filing of applications to register designs under this chapter and for other services relating to the administration of this chapter, taking into consideration the cost of providing these services and the benefit of a public record.

"§1217. Regulations

"The Administrator may establish regulations for the administration of this chapter.

§ 1218. Copies of records

"Upon payment of the prescribed fee, any person may obtain a certified copy of any official record of the Office of the Administrator that relates to this chapter. That copy shall be admissible in evidence with the same effect as the original.

§ 1219. Correction of errors in certificates

"The Administrator may, by a certificate of correction under seal, correct any error in a registration incurred through the fault of the Office, or, upon payment of the required fee, any error of a clerical or typographical nature occurring in good faith but not through the fault of the Office. Such registration, together with the certificate, shall thereafter have the same effect as if it had been originally issued in such corrected form.

§ 1220. Ownership and transfer

"(a) **PROPERTY RIGHT IN DESIGN.**—The property right in a design subject to protection under this chapter shall vest in the designer, the legal representatives of a deceased designer or of one under legal incapacity, the employer for whom the designer created the design in the case of a design made within the regular scope of the designer's employment, or a person to whom the rights of the designer or of such employer have been transferred. The person in whom the property right is vested shall be considered the owner of the design.

"(b) **TRANSFER OF PROPERTY RIGHT.**—The property right in a registered design, or a design for which an application for registration has been or may be filed, may be assigned, granted, conveyed, or mortgaged by an instrument in writing, signed by the owner, or may be bequeathed by will.

"(c) **OATH OR ACKNOWLEDGEMENT OF TRANSFER.**—An oath or acknowledgment under section 1212 shall be prima facie evidence of the execution of an assignment, grant, conveyance, or mortgage under subsection (b).

"(d) **RECORDATION OF TRANSFER.**—An assignment, grant, conveyance, or mortgage under subsection (b) shall be void as against any subsequent purchaser or mortgagee for a valuable consideration, unless it is recorded in the Office of the Administrator within 3 months after its date of execution or before the date of such subsequent purchase or mortgage.

§ 1221. Remedy for infringement

"(a) **IN GENERAL.**—The owner of a design is entitled, after issuance of a certificate of registration of the design under this chapter, to institute an action for any infringement of the design.

"(b) **REVIEW OF REFUSAL TO REGISTER.**—(1) Subject to paragraph (2), the owner of a design may seek judicial review of a final refusal of the Administrator to register the design under this chapter by bringing a civil action, and may in the same action, if the court adjudges the design subject to protection under this chapter, enforce the rights in that design under this chapter.

"(2) The owner of a design may seek judicial review under this section if—

"(A) the owner has previously duly filed and prosecuted to final refusal an application in proper form for registration of the design;

"(B) the owner causes a copy of the complaint in the action to be delivered to the Administrator within 10 days after the commencement of the action; and

"(C) the defendant has committed acts in respect to the design which would constitute infringement with respect to a design protected under this chapter.

"(c) **ADMINISTRATOR AS PARTY TO ACTION.**—The Administrator may, at the Administrator's option, become a party to the action

with respect to the issue of registrability of the design claim by entering an appearance within 60 days after being served with the complaint, but the failure of the Administrator to become a party shall not deprive the court of jurisdiction to determine that issue.

"(d) **USE OF ARBITRATION TO RESOLVE DISPUTE.**—The parties to an infringement dispute under this chapter, within such time as may be specified by the Administrator by regulation, may determine the dispute, or any aspect of the dispute, by arbitration. Arbitration shall be governed by title 9. The parties shall give notice of any arbitration award to the Administrator, and such award shall, as between the parties to the arbitration, be dispositive of the issues to which it relates. The arbitration award shall be unenforceable until such notice is given. Nothing in this subsection shall preclude the Administrator from determining whether a design is subject to registration in a cancellation proceeding under section 1213(c).

§ 1222. Injunctions

"(a) **IN GENERAL.**—A court having jurisdiction over actions under this chapter may grant injunctions in accordance with the principles of equity to prevent infringement of a design under this chapter, including, in its discretion, prompt relief by temporary restraining orders and preliminary injunctions.

"(b) **DAMAGES FOR INJUNCTIVE RELIEF WRONGFULLY OBTAINED.**—A seller or distributor who suffers damage by reason of injunctive relief wrongfully obtained under this section has a cause of action against the applicant for such injunctive relief and may recover such relief as may be appropriate, including damages for lost profits, cost of materials, loss of good will, and punitive damages in instances where the injunctive relief was sought in bad faith, and, unless the court finds extenuating circumstances, reasonable attorney's fees.

§ 1223. Recovery for infringement

"(a) **DAMAGES.**—Upon a finding for the claimant in an action for infringement under this chapter, the court shall award the claimant damages adequate to compensate for the infringement. In addition, the court may increase the damages to such amount, not exceeding \$50,000 or \$1 per copy, whichever is greater, as the court determines to be just. The damages awarded shall constitute compensation and not a penalty. The court may receive expert testimony as an aid to the determination of damages.

"(b) **INFRINGER'S PROFITS.**—As an alternative to the remedies provided in subsection (a), the court may award the claimant the infringer's profits resulting from the sale of the copies if the court finds that the infringer's sales are reasonably related to the use of the claimant's design. In such a case, the claimant shall be required to prove only the amount of the infringer's sales and the infringer shall be required to prove its expenses against such sales.

"(c) **STATUTE OF LIMITATIONS.**—No recovery under subsection (a) or (b) shall be had for any infringement committed more than 3 years before the date on which the complaint is filed.

"(d) **ATTORNEY'S FEES.**—In an action for infringement under this chapter, the court may award reasonable attorney's fees to the prevailing party.

"(e) **DISPOSITION OF INFRINGING AND OTHER ARTICLES.**—The court may order that all infringing articles, and any plates, molds, patterns, models, or other means specifically adapted for making the articles, be delivered up for destruction or other disposition as the court may direct.

§ 1224. Power of court over registration

"In any action involving the protection of a design under this chapter, the court, when appropriate, may order registration of a design under this chapter or the cancellation of such a registration. Any such order shall be certified by the court to the Administrator, who shall make an appropriate entry upon the record.

§ 1225. Liability for action on registration fraudulently obtained

"Any person who brings an action for infringement knowing that registration of the design was obtained by a false or fraudulent representation materially affecting the rights under this chapter, shall be liable in the sum of \$10,000, or such part of that amount as the court may determine. That amount shall be to compensate the defendant and shall be charged against the plaintiff and paid to the defendant, in addition to such costs and attorney's fees of the defendant as may be assessed by the court.

§ 1226. Penalty for false marking

"(a) **IN GENERAL.**—Whoever, for the purpose of deceiving the public, marks upon, applies to, or uses in advertising in connection with an article made, used, distributed, or sold, a design which is not protected under this chapter, a design notice specified in section 1205, or any other words or symbols importing that the design is protected under this chapter, knowing that the design is not so protected, shall pay a civil fine of not more than \$500 for each such offense.

"(b) **SUIT BY PRIVATE PERSONS.**—Any person may sue for the penalty established by subsection (a), in which event one-half of the penalty shall be awarded to the person suing and the remainder shall be awarded to the United States.

§ 1227. Penalty for false representation

"Whoever knowingly makes a false representation materially affecting the rights obtainable under this chapter for the purpose of obtaining registration of a design under this chapter shall pay a penalty of not less than \$500 and not more than \$1,000, and any rights or privileges that individual may have in the design under this chapter shall be forfeited.

§ 1228. Enforcement by Treasury and Postal Service

"(a) **REGULATIONS.**—The Secretary of the Treasury and the United States Postal Service shall separately or jointly issue regulations for the enforcement of the rights set forth in section 1208 with respect to importation. Such regulations may require, as a condition for the exclusion of articles from the United States, that the person seeking exclusion take any one or more of the following actions:

"(1) Obtain a court order enjoining, or an order of the International Trade Commission under section 337 of the Tariff Act of 1930 excluding, importation of the articles.

"(2) Furnish proof that the design involved is protected under this chapter and that the importation of the articles would infringe the rights in the design under this chapter.

"(3) Post a surety bond for any injury that may result if the detention or exclusion of the articles proves to be unjustified.

"(b) **SEIZURE AND FORFEITURE.**—Articles imported in violation of the rights set forth in section 1208 are subject to seizure and forfeiture in the same manner as property imported in violation of the customs laws. Any such forfeited articles shall be destroyed as directed by the Secretary of the Treasury or the court, as the case may be, except that the articles may be returned to the country of export whenever it is shown to the satisfaction of the Secretary of the Treasury that

the importer had no reasonable grounds for believing that his or her acts constituted a violation of the law.

"§1229. Relation to design patent law

"The issuance of a design patent under title 35 for an original design for an article of manufacture shall terminate any protection of the original design under this chapter.

"§1230. Common law and other rights unaffected

"Nothing in this chapter shall annul or limit—

"(1) common law or other rights or remedies, if any, available to or held by any person with respect to a design which has not been registered under this chapter; or

"(2) any right under the trademark laws or any right protected against unfair competition.

"§1231. Administrator; Office of the Administrator

"In this chapter, the 'Administrator' is the Register of Copyrights, and the 'Office of the Administrator' and the 'Office' refer to the Copyright Office of the Library of Congress.

"§1232. No retroactive effect

"Protection under this chapter shall not be available for any design that has been made public under section 1210(b) before the effective date of this chapter."

SEC. 3. CONFORMING AMENDMENTS.

(a) **TABLE OF CHAPTERS.**—The table of chapters for title 17, United States Code, is amended by adding at the end the following: "12. Protection of Original Designs 1201".

(b) **JURISDICTION OF DISTRICT COURTS OVER DESIGN ACTIONS.**—(1) Section 1338(c) of title 28, United States Code, is amended by inserting " , and to exclusive rights in designs under chapter 12 of title 17," after "title 17".

(2)(A) The section heading for section 1338 of title 28, United States Code, is amended by inserting "designs," after "mask works."

(B) The item relating to section 1338 in the table of sections at the beginning of chapter 85 of title 28, United States Code, is amended by inserting "designs," after "mask works."

(d) **ACTIONS AGAINST THE UNITED STATES.**—Section 1498(e) of title 28, United States Code, is amended by inserting " , and to exclusive rights in designs under chapter 12 of title 17," after "title 17".

SEC. 4. EFFECTIVE DATE.

The amendments made by sections 2 and 3 shall take effect one year after the date of the enactment of this Act.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from North Carolina (Mr. COBLE) and the gentleman from Virginia (Mr. SCOTT) each will control 20 minutes.

The Chair recognizes the gentleman from North Carolina (Mr. COBLE).

GENERAL LEAVE

Mr. COBLE. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from North Carolina?

There was no objection.

Mr. COBLE. Mr. Speaker, I yield myself such time as I may consume.

During our subcommittee hearing on H.R. 2696, the marine manufacturers effectively demonstrated that "hull

splashing," an industry term for applying a direct molding process to a boat hull in an effort to create a knock-off design, is harmful and pervasive enough to warrant legislative redress.

Consumers who purchase boats with knock-off hulls are defrauded in the sense that they are not benefiting from the many attributes of hull design, other than shape, that are structurally relevant, including those related to quality and safety. It is also highly unlikely that consumers know that a boat has been copied from an existing design. Most importantly, for the purposes of promoting intellectual property rights, if manufacturers are not permitted to recoup at least some of their research and development costs, they may no longer invest in new, innovative boat designs.

Accordingly and consistent with the history of design legislation, H.R. 2696 protects the original designs of vessel hulls. Owners of protected designs must register their work with the Copyright Office, and the term of protection allows for 10 years. The owner will enjoy the exclusive right to make, import and sell any legislative hull embodying a protected design. Infringers will be liable for compensatory damages or lost sales, and a court may increase damages by as much as \$50,000 in egregious cases.

Finally, Mr. Speaker, during the full committee markup of the bill, the gentleman from Virginia (Mr. SCOTT) expressed his desire that H.R. 2696 not cover large ships manufactured for military use. It was never our intention to protect designs for large vessels used by the Merchant Marine or the Armed Services, and I am pleased that we were able to develop some compromise language on the subject that is acceptable to all parties involved.

This language and a few technical changes to the bill are incorporated in the manager's amendment which I offer as a substitute to the bill as reported by the committee.

In sum, Mr. Speaker, this is a good bill that will offer limited protection to an industry in which effort, investment and creativity are presently unrewarded. I urge my colleagues to pass H.R. 2696, as amended.

Mr. Speaker, I reserve the balance of my time.

Mr. SCOTT. Mr. Speaker, I yield myself such time as I may consume.

I rise in support of H.R. 2696, the Vessel Hull Design Protection Act. This legislation creates a new design patent for vessel hulls. Confusion between copyright patent and trademark protection for hull models over the years has apparently produced a proliferation of unattributed and bad copies of expensive designs, and this legislation articulates clearer standards for the grant of a design patent.

This industrial design problem is illustrated in the Supreme Court's 1989 decision in *Bonito Boats*, effectively denying intellectual property protection for a Florida boat designer be-

cause of the contrary Florida State law. Here, I agree with the subcommittee Chairman, Mr. COBLE, in that it is important that we send a message that when it comes to theft of patents and trademarks, it is necessary for Congress to set a predictable and uniform Federal rule.

The Patent and Trademark Office does not have a formal view on this bill; but, as a general policy, they prefer not to enumerate subgroups of patents. Nevertheless, they do not oppose this legislation.

Finally, I would like to thank the Chairman for his cooperation and kind assistance by adding clarifying language that exempts vessels more than 200 feet. This language, while maintaining copyright protection of smaller vessels, will not interfere with the commercial practices of the industry for larger vessels, and that is a very significant concern in my congressional district.

Mr. Speaker, I urge my colleagues to support the bill.

Mr. Speaker, I yield back the balance of my time.

Mr. COBLE. Mr. Speaker, I yield myself such time as I may consume to express my thanks to the gentleman from Virginia (Mr. SCOTT) and the other members of the subcommittee for having worked very cooperatively with us in this matter.

Mr. Speaker, I have no further requests for time; and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from North Carolina (Mr. COBLE) that the House suspend the rules and pass the bill, H.R. 2696, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

FEDERAL COURTS IMPROVEMENT ACT OF 1998

Mr. COBLE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2294) to make improvements in the operation and administration of the Federal courts, and for other purposes, as amended.

The Clerk read as follows:
