[Including cost estimate of the Congressional Budget Office]

The Committee on the Judiciary, to whom was referred the bill (H.R. 3345) to make technical and conforming changes in the patent and trademark laws and in the Civil Rights of Institutionalized Persons Act, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE OF THE BILL

#### SECTION-BY-SECTION SUMMARY

Section 101 amends title 35, United States Code, "Patents", to correct an error in the numbering of sections in title 35 that resulted from an amendment to title 35 made by Public Law 96-517. Section 101 also makes minor technical and conforming changes in title 35.

Section 102 repeals section 6(b) of Public Law 96-517 and the amendment made by section 6(b) that erroneously numbered sections in title 35.

Section 103 makes a minor technical change in section 31(a) of the Trademark Act of 1946 (15 U.S.C. 1113(a)).

Section 201 corrects an erroneous cross-reference in the Civil Rights of Institutionalized Persons Act and clarifies a reference to the Attorney General in that Act.

In compliance with clause 3 of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italic, existing law in which no change is proposed is shown in roman):
