Title: "Amazing Stories--August, 1938"

Question: Whether copyright notice is in position prescribed by copyright statute.

The notice of copyright is on the first page of text matter, i.e., advertising, and is in connection with the data which is usually included in what is known as a mast head.

It is the opinion of Mr. Wise and Mr. Smith that the notice is in acceptable form and position and registration should be made accordingly. Mrs. Brady on the other hand, feels that registration may be made for this issue, but that a warning letter should be written to the applicant suggesting that the notice be placed in one of the three statutory positions.

Respectfully submitted,

W. H. Wise

Chairman, Revisory Board
