

## MEMORANDUM

June 24, 1938

Remitter: James J. A. Fortier (36504)--Class A.

Title: "French Quarter Etchings"

Question: Copyright notice.

The notice of copyright is on the third page from that which bears the title, but Mr. Howell has ordered registration in the following terms:

"The notice appears conspicuously on the back of the page following the regular title-page: the title also appears under this notice. It certainly strikes the eye on opening the book, and in my opinion substantially complies. But write and call attention to the express provisions of Section 19."

Respectfully submitted,

W. H. Vase

Chairman, Revisory Board
