MINORITY MEMORANDUM

Sept. 23, 1940

Remitter: Wisner and Walsh (No. 58613)

Title ; "An Autumn Fantasy"

Question: Whether text matter included with the music must be taken from the copy before registration is made.

The undersigned is in agreement with the Examiner in the request that the typewritten descriptive text be removed from the copy, because it cannot properly be filed as a part of an unpublished work, such text matter requiring publication with notice to secure copyright. Furthermore, it is her understanding that the Register of Copyrights has instructed the Examiners that text matter is not acceptable as a part of the deposit of unpublished music unless it constitutes the words of a song.
